[How To Flash Stock Rom Using Downloader Lenovo Tools](#)

The screenshot shows the 'Smart Phone Flash Tool (Runtime Trace Mode)' interface. The 'Download' tab is active, and a 'Download Agent' window is open, displaying a green checkmark in a circle, indicating a successful download. The main window shows a list of files to be downloaded, including PRELOADER, MBR, EBR1, PRO_INFO, _PROTECT_F, _PROTECT_S, UBOOT, BOOTIMG, RECOVERY, SEC_RO, LOGO, EBR2, and _TEST. The 'Chip Info' section on the left shows the device is an MT6582_500. The status bar at the bottom indicates a speed of 28.44T/s, 163.83, EMMC, 10:18, and DA USB VCOM Port (COM90).

Name	Begin	End	Location
